

MEET THE LIU 12 ELECT STAFF

Sharon Hagenburger, Supervisor: Sharon provides general supervision of the ELECT Program. She has been employed with LIU 12 for 4 years, supervising adult education programs. Sharon holds a master's degree in elementary education.

Michelle Swemley, Program Coordinator/Data Specialist: Michelle has worked for LIU 12 for 15 years and has supported a behavioral intervention classroom with at-risk female students in a residential treatment facility. Michelle holds a Master Degree in Social Work. She has designed and taught a behavioral awareness/ modification program as a summer program for the residential treatment facility. Michelle worked as a case manager for two years with ELECT before transitioning to the program coordinator position. Michelle provides day-to-day management of the ELECT Program, monitoring grant and budget compliance, and data reporting to PDE.

April Gordils (York County Case Manager): April has worked with the ELECT Program for 7 years. As a high school student, she went through the ELECT Program with two children while attending and graduating from Crispus Attucks YouthBuild Charter School. April was working as a case manager with ELECT before joining LIU 12's program. April works for ELECT full-time while parenting three children and attending HACC as a part-time student to earn an associate's degree in social work.

Coty Slothour (Fatherhood Case Manager): Coty holds a bachelor's degree in social work and previously worked with special needs students at Gettysburg Area School District and as a Behavioral Health Specialist with True North Wellness. Coty will be forming the fatherhood component of our program, working with young men and assisting them to understand their role as a father and the impact of that role in the life of their child.

Nicole Sidesinger (Adams/Franklin Counties Case Manager): Nicole brings with her seven years of experience as a foster parent and as a child care provider at a local day care center. She also provided transportation services for students with special needs.
