Programs:
(Chambersburg Programs) CHIPP Supported Living Program
This residential program provides housing and housing related supports to individuals identified and referred by Franklin/Fulton MH/MR. Individuals interested in this program should speak with their MH/MR casemanager regarding referral to the program. Each individual rents his or her own fully furnished apartment and has access to 24/7 staff support. Apartments are non-smoking.

CHIPP Psychiatric Services
Individuals residing in the CHIPP Supported Living Program or individuals who are designated by Franklin/Fulton MH/MR as CHIPP participants in services have the opportunity to utilize the CHIPP Psychiatric Services program. This program provides medication checks as medically necessary by the CHIPP psychiatrist.

Fulton County Crisis Program
Individuals in need of emergency mental health and/or drug and alcohol support may present at the Fulton County Medical Center to request crisis services. A crisis worker is available 24/7 for mental health and/or drug and alcohol crisis consultation. Crisis workers assist individuals with: developing safety plans, identifying community supports, information and referral services, emergency mental health assessments, and, if medically necessary, acute care inpatient hospitalizations.

Franklin/Fulton Peer Support Services
Services are offered to anyone with a mental health condition in Franklin/Fulton County. Individuals with lived experience are paired with their peers to assist them in overcoming barriers that may prevent them from achieving their goals. A letter of recommendation from a professional of the healing arts, psychiatrist, family doctor, therapist, certified nurse practitioner, or physicians assistant, is needed. Services are voluntary and consent is required.

Additional Information:
Adams Hanover Counseling Services, Inc. is a not-for-profit agency governed by a volunteer board of directors based in Hanover, Pennsylvania with satellite offices located in York, Shrewsbury, Gettysburg, and Chambersburg.

**Fee/Payment Method:**

**Programs:**

Through Universal Services, Allegheny Power helps eligible payment-troubled customers on limited or fixed incomes: 1-establish affordable payment arrangements to maintain electric service, 2-obtain grants and assistance from community based organizations, 3-guide customers toward self-sufficiency in paying their bills, 4-reduce their energy consumption to a more affordable level.

**LIURP: Low-Income Usage Reduction Program**

LIURP provides: Free home weatherization to help reduce energy costs, energy education, and referrals for additional weatherization assistance.

**LIPURP: Low-Income Payment and Usage Reduction Program**

LIPURP provides: Affordable monthly payments and a supplemental grant to help customers keep their monthly bill current. Customers must pay LIPURP payments on time. There is a 2% pre-program arrearage forgiveness when monthly payments are made.

**CARES**

Customer Assistance and Referral Evaluation Service (CARES) is a special service for selected, payment-troubled customers who cannot pay the full amount of their electric bills due to a temporary hardship such as a serious illness, loss of income, or death of a primary wage earner. CARES is not designed to work with chronically delinquent customers or those with no intention of paying electric bills. CARES Representatives work with customers on a personal basis to help them identify available community resources.

**$1 Energy Fund**

$1 Energy Fund administers the program to provide utility bill assistance to low-income customers. Contributions from shareholders, utility employees, and customers are primary sources of funding for these programs. Funds make payments directly to companies on behalf of customers who still have a critical need for assistance after other resources have been exhausted. Allegheny Power matches DEF grants 100%.

**Bill Extender Plan**

If you receive Social Security or federal government pension benefits, we may be able to adjust the due date of your bill to coincide with the arrival of your monthly check. Call us at 1-800-Allegheny for more information or to sign-up.

**Additional Information:**

LIURP & LIPURP eligibility requires that customer's gross monthly household income be below 150% of the federal poverty guidelines to begin the screening process. For more information, call the toll free number.

### Programs:
The Franklin Unit of the American Cancer Society provides information and guidance to Franklin and Fulton County residents and their families who are facing cancer. In addition, some financial assistance with cancer and cancer-related medications is provided, if necessary, as well as some financial assistance with mileage to and from cancer treatments. Patient services programs such as "Road to Recovery" (volunteer drivers) and "Reach to Recovery" (for women facing breast cancer) are also available. Support groups and educational programs, such as "I Can Cope", are provided as well. Wigs and turbans are available, as well as the "Look Good, Feel Better Program". Trained cosmetologists volunteer to teach women how to cope with skin changes and hair loss using cosmetics and skin care products donated by the cosmetic industry. All programs are free of charge.

### Additional Information:
The American Cancer Society is the nationwide community-based voluntary health organization dedicated to eliminating cancer as a major health problem by preventing cancer, saving lives, and diminishing suffering from cancer through research, education, advocacy, and service.

**Programs:**

Attendant Care Service is non-medical, in-home personal care, and other support activities for mentally-alert adults who are physically disabled and in need of personal care assistance. The program provides basic services (personal care) and ancillary services (housekeeping) to carry out functions of daily living, self-care and motility to enable individuals to live in their own homes and communities rather than in institutions. Referrals to the program can be made by doctors, hospitals, clergy, social service agencies, family members or friends. This program utilizes state and federal monies.

**Additional Information:**

Individuals who have a current, valid Medical Assistance Identification Card or those who receive SSI payments are automatically eligible for free Attendant Care Services. For all other eligible applicants of Attendant Care Service, the weekly fee is determined by family size and gross monthly income and is minimal and based upon a sliding scale.

Programs:
The mission of Bopic is to assess and provide supplemental academic, nutritional, and life skill services to economically disadvantaged multi-cultural families and children who reside within the Borough of Chambersburg and Franklin County. Bopic currently provides:

* Summer Education & Nutritional Program - An 8 week program held at Thaddeus Stevens Elementary School from June through August, which offers educational programs aimed at various grade levels with an emphasis on feeding the children. There is a teacher student ratio of 1 to 15 to ensure safety and security. Four other sites also have a food program including: the Chambersburg YMCA, Lincoln Intermediate Unit Migrant Educational Program, Meadows Group Home, and the Boys and Girls Club of Chambersburg.

295 children received educational services, and 550 (approx.) children received nutritional meals for 8 weeks during the summer of 2009.

Summer Enrichment Program
A summer enrichment program that operates from the first week of June to the last week of August which stresses academics, career awareness, weekly field trips and the development of social skills. Children are separated by grade and age and student teachers from Shippensburg University as well as the Hagerstown Area Community College instruct classes. Enrollment capacity is 300. The program also offers breakfast, lunch, and daily snacks to all children and agencies enrolled. Transportation service available.

By law, the Attorney General's Bureau of Consumer Protection is authorized to perform the following duties:

* Investigate commercial and trade practices in the distribution, financing and furnishing of goods and services for the use of consumers;

* Conduct studies, investigations and research into matters affecting consumer interests and make such information available to the public;

* Advise the Legislature on matters affecting consumer interests, including the development of policies and the proposal of programs to protect consumers;

* Investigate fraud and deception in the sale, servicing and furnishing of goods and products, and strive to eliminate such illegal actions;

* Promote consumer education and publicize matters relating to consumer fraud, deception and misrepresentation.

Based upon consumer complaints or investigations, the Bureau is authorized to take formal legal action against persons and organizations who engage in unfair and deceptive conduct in the advertisement or sale of goods or services within the Commonwealth. However, in response to numerous consumer complaints received each year, the Bureau has also developed a statewide mediation program which seeks restitution, refund or other relief for consumers and affected businesses in a fair and impartial manner.

**Additional Information:**
There is also a Health Care Section operating within the Bureau of Consumer Protection. The Health Care Section focuses on protecting the public from unfair health care practices and helping shape Pennsylvania's policies in favor of the consumer. Those who believe they are unfairly denied medical treatment by Health Maintenance Organizations, managed care or other health insurers can receive help by filing a complaint with the Attorney General's Health Care Section by contacting 1-877-888-4877.

CareCheckers is a unique service designed to help families of aging or disabled loved ones by making daily health & safety checkup calls. CareCheckers offers medication, meal, and activity reminders along with friendly social interaction. All calls are made by live representatives. There are no confusing automated systems and there is no special equipment or software needed. Family members and caregivers are updated with daily status reports sent to their email or mobile phone and notified immediately of any problems. CareCheckers can fill in the gap between family and home healthcare visits. Calls can be made to hospitals and nursing homes as well.

The Wound Care Center at the Chambersburg Hospital specializes in treating complicated, chronic wounds that are difficult to heal. The center uses a multi-disciplinary approach in treating our patients. This involves professional care from general surgeons, vascular surgeons, podiatrists, infectious disease physicians, physical therapists, physical therapist assistants and nurses. To the patient this means that a specialist in their type of wound, or cause of wound, is on hand to develop individualized care plans to aid in the healing process. The Wound Care Center also offers Hyperbaric Oxygen Therapy.

Hyperbaric oxygen allows the body's natural wound-healing systems to work better and speed up the healing process.

Programs:
The Child and Adolescent Service System Program (CASSP) in Franklin/Fulton County will coordinate
services for children and adolescents between child-serving systems by improving communications,
developing common goals, and ensuring a positive working relationship among schools, public, and private
agencies.

CASSP provides a coordinated, comprehensive, child-centered system for family members, all agencies,
school and provider staffs to collaborate and to develop a Service Plan to meet the needs of children and
adolescents with many challenges. The CASSP CARE team may consist of professional representatives
from Children and Youth, Juvenile Probation, Drug and Alcohol, Mental Retardation/Early Intervention, Mental
Health, the child’s educational program and private service providers with a breadth of knowledge of
resources and programs. The family and the referring representative(s) meet with the team to review needs
and resources available. Family members and their advocates may discuss their concerns, challenges, and
expectations. The team will discuss resources available, review options, and make recommendations to the
child and family.

The CCIS is contracted by the PA Department of Public Welfare, Office of Child Development, to administer this child care subsidy program to county residents. This program, which receives federal and state funding, was established to give financial support to working families for help in paying their child care expenses.

In addition to offering child care subsidies, we also provide referrals to parents seeking child care.

Child care providers may request information on training and workshops in their area, as well as information on providing quality child care for working families.

Our program also has a resource library which includes books, magazines, pamphlets, videos, and toys that offer a wide variety of information that is helpful to both providers and families.

Programs:
Community Services Program serves Franklin County adult residents 18+ with physical disabilities, both in nursing homes and those living in the community whose physical disability is likely to continue indefinitely. The physical disability must have resulted in substantial functional limitations in three or more of the following areas of major life activity:

* Self-Care
* Understanding and use of language
* Capacity for Independent Living
* Mobility
* Self-Direction
* Learning

Consumers who are eligible for the Community Services Program in nursing homes can receive specialized services to acquire and enhance self-care and self-actualization skills and/or relocate to a supported living arrangement in the community consistent with their capabilities and interests.

Consumers who are eligible for the Community Services Program living in the community can receive in-home services in order to remain at home and avoid nursing home placement. In-home services can include personal care assistance, assistance with cleaning, laundry, grocery shopping, meal preparation, range of motion exercises, and accompaniment to medical appointments. Some assistance with minor physical adaptations to the home and assistive technology is also available.

Programs:
The Cumberland Valley Breast Care Alliance is a faith-based, non-profit ministry which was founded in November 1997. Our objective is to make the community aware of what is available in the areas of breast education, mammography accessibility, and support groups. The Breast Care Alliance mission is as follows:

* To provide education to women of all ages, races, and socioeconomic levels. This includes preventive health measures, current information on breast cancer, and professional instruction of the MammaCare® technique of breast self-exam.

* To provide women, particularly the underserved and underinsured, information about programs for low or no-cost mammograms, location of facilities, and transportation if needed.

* To increase public awareness of a disease that has taken too many lives, and to step up the fight against breast cancer.

* To assist the Pennsylvania Breast Cancer Coalition with public advocacy and legislation to improve medical care for breast cancer patients. Also, to support fund-raisers and projects on a local level.

* To provide local residents with information on the various support groups available to patients and their families.

* To provide spiritual support for breast cancer patients and their families.

**MammaGift Project**
The MammaGift Project is a very unique program which was created and is managed by the Cumberland Valley Breast Care Alliance. This program enables uninsured women to obtain mammograms. There are still many women in our own community that are not getting these potentially lifesaving tests. If this is because of financial reasons such as no insurance coverage or low income, there is help! If you are one of those women or you know someone else that needs assistance, simply make a call. This call could save a life.

Remember, we are here to offer quality education, public awareness, and support systems for patients and their loved ones. We are not qualified to do clinical exams, diagnose, or recommend treatment.

Programs:
Deafnet Association, Inc. is a private, non-profit agency. We promote the concerns that affect the Deaf and Hard of Hearing community in the four-state area of Western Maryland, the Northern and Eastern Panhandle of West Virginia, South Central Pennsylvania, and North Western Virginia. Formed in November 1986, Deafnet provides a mechanism for people with hearing loss to advocate for the improvement of existing services and the creation of new ones. Deafnet is supported by people who, like you, are interested in making our community accessible to the Deaf or Hard of Hearing population and receives no federal or state funding.

Deafnet provides sign language classes, interpreting and advocacy for the deaf. Training on the use of TTY's as well as on the American with Disabilities Act of 1990 (ADA) is also provided. Group meetings are held on the second Thursday of each month, except in July and December.

The Education Law Center - Pennsylvania is a non-profit law firm dedicated to insuring that all of Pennsylvania's children have access to a quality public education. ELC’s work falls into three major areas:

* Making sure that all children have access to school and school programs, ELC works to eliminate practices that make it difficult or impossible for a child to enroll in school, or that deny children access to school programs on the basis of disability, English language learner status, homelessness, or other factors.

* Providing families (and those who work with them) reliable, understandable information about education laws and policies.

* Improving Schools. ELC works with local and statewide groups on getting more funding for our neediest schools; making sure that teachers are prepared to meet the needs of diverse learners; promoting programs of positive behavior support in schools; and more.

ELC’s offices are located in Philadelphia and Pittsburgh. Please explore our web site to get a more detailed sense of our projects and priorities.

**Additional Information:**
The Education Program for Divorcing Parents is a four-hour seminar to help divorcing parents understand a child's needs in relation to divorce. **Programs:**
Counseling services for children, adolescents, and families, including Play Therapy for younger children, Behavior Modification, Parenting Skills, Parent/Child Relationship Therapy, Support Groups, and Referral Service. Psychological Evaluations can be done for children and adolescents ages 3-18.

**Child and Adolescent Counseling and Play Therapy**
The Frances Leiter Center licensed professional counselors provide Play Therapy to children/adolescents ages 2-18 who have mental health disorders, behave inappropriately, or suffer emotional anguish. Through play, the child expresses non-verbal feelings and thoughts, allowing the therapist to identify underlying problems. Therapists also use various types of play (toys, table games, video games, art, dress-up, etc...) as a means of helping children work through the problem to resolution. The child's parents and/or caretakers are included in aspects of therapy.

Programs:

Head Start is a low-income, comprehensive child development program for children 0-5 years and their families as well as pregnant women. Daily activities help children grow mentally, socially emotionally, and physically. All children receive medical and dental care, have healthy meals and snacks, and enjoy learning and playing, indoors and outdoors, in a safe setting. Special services are available for children with special needs. Head Start offers social services and educational opportunities to parents of enrolled children. Parents can become involved in the program in many ways, such as classroom volunteers, positions as paid employees, and becoming part of the ‘government’ of the program assisting the director in operating the program. Currently there are twenty four centers and 48 home based services operating in Franklin County in the communities of Chambersburg, Waynesboro, South Mountain, Fayetteville, St. Thomas, Greencastle, and Mercersburg. Children attend the program Monday-Thursday, or Monday through Friday, depending on the child’s placement in the program. Classroom hours vary, but run for 5 to 6 1/2 hour days. Transportation is provided for most children.

**Programs:**

Franklin & Fulton County Developmental Disabilities & Early Intervention Program is designed to offer case management services and other services to individuals who are residents of Franklin or Fulton Counties and have a diagnosis of a developmental disability or a birth to 3 year old with a developmental delay. The case managers are aware of services the community has to offer and are able to assist individuals and families in accessing these services. There are several different types of services available for children and adults in the Developmental Disabilities and Early Intervention Programs, as well as case management. Types of case management provided include:

* Early Intervention Service Coordinators - Work with children aged 0-3 who are experiencing a developmental delay.

* MR Waiver Supports Coordinators - Work with children and adults diagnosed with a developmental disability who are "at risk" of institutionalization and require substantial community support.

* MR Targeted Service Managers - Work with children and adults diagnosed with a developmental disability who do not require a great deal of support and need help accessing and coordinating their services.

The other types of services the Developmental Disabilities and Early Intervention Programs fund vary based on the assessed needs of an individual and the availability of funds.

**Additional Information:**

The birth to three year old Early Intervention Program is a partner with the three to five year old Early Intervention Program in organizing and coordinating the Local Interagency Coordinating Council. The Local Interagency Coordinating Council is a mandated Advisory Committee and Publicity Committee for the two early intervention programs. Its members consist of early childhood agency representatives as well as parents involved with the birth to five year old programs.

*Prevention programs and presentations*

**Programs:**
The Drug and Alcohol Program is comprised of two departments: Prevention and Case Management.

* The Prevention Specialists provide education and information on alcohol and drug use and abuse through literature, pamphlets, videos, consultations, and various in-service programs for all ages and groups in the two-county area.

* Case Managers serve adolescents and adults of all ages from Franklin and Fulton counties conducting treatment assessments and arranging for consumers to enter treatment facilities and aftercare programs. The Intensive Case Management program is a specialized intensive program designed for certain clients who are dually diagnosed, adolescents, those heavily involved with the criminal justice system, those on child welfare, intravenous drug users, clients who continually relapse, pregnant women, and women with children.

Franklin/Fulton County Drug & Alcohol supports the Disease Concept of chemical dependency which sees addiction as progressive and, if left untreated, as life-threatening.

**Additional Information:**
The Franklin-Fulton Drug and Alcohol Program is under the County Commissioners and sponsored by the PA Dept. of Health. Those having private insurance, which pays for drug and alcohol treatment, are referred directly to treatment facilities.

---

**Programs:**

**Letterkenny Location**

Goodwill provides janitorial vocational training services at Letterkenny to qualified persons. Upon acceptance to the program, trainees complete an initial one day pre-training and during this time their wage is determined; their pay is performance-based. Trainees are then supervised by team crew leaders who provide continual job coaching and training. Trainees can remain in our program until they have met specific productivity and behavioral criteria. Once those criteria are met, the Employment Specialists are responsible for helping the trainee obtain competitive employment within the community.

**Employment Services (Specialist)**

Goodwill provides employment services that will support an individual in keeping and finding a job. Services include:

* Employment Preparation (explore options, job placement plans, resumes and interview prep, access to assistive technology)
* Job Search (search the local job market, contact employers, track job search)
* Job Placement (match with opportunities that meet job skills, educate employers about special needs)
* Follow-Along and Job Retention (on-the-job coaching and support, regular communication with employer within the first 30 days of employment, on-going job and skills training, advice on advancement or promotion)
* Employer Support (special needs education as it relates to work place modifications, tax incentives for hiring)

**Additional Information:**

To be considered severely disabled, individuals must have written medical documentation stating they have either a mental, physical, emotional disability or any combination of these. Only a psychiatrist can diagnose a mental health illness. A psychologist can diagnose a mental retardation diagnosis but not a mental health diagnosis.

The Healthy Communities Partnership is a consortium of over 30 healthcare, human and social services, education, government, and religious organizations in the Franklin County area. The purpose is to build strengths and resources of individuals and organizations to address issues and to improve health and well-being of the communities. The focus of the Healthy Communities Partnership is to support healthy behaviors and work toward eliminating the root causes of behaviors which are counterproductive to ensuring long-term healthy communities. The current areas of service include:

1. Mentoring children and youth in school
2. Addressing the need for healthier lifestyles, particularly increased physical activity and nutritious eating habits in all age groups
3. Providing tobacco education and cessation programming available for adults and youth
4. Coordinating the Community Coalition for the Prevention of Substance Use & Abuse
5. Developing youth outreach activities quarterly to promote anti-drug lifestyles for children ages 12 - 18.
7. Providing Student Assistance Program (SAP) Liasons to all Franklin County secondary schools. Liasons help schools evaluate students who are experiencing a barrier to learning that may be drug/alcohol and/or mental health related.
8. Providing suicide prevention and depression awareness education to 9th graders utilizing the ADAP (Adolescent Depression Awareness Program) curriculum.

Additional Information:

**Programs:**
The Helping Hands with Hearts program is a non-profit, volunteer organization of mostly retired men and women with various skills associated with home maintenance and repairs. Services are provided at no cost to needy individuals and families who otherwise would not be able to obtain them. Projects include:

* wheelchair ramps
* replacing windows, porch railing and floors
* painting
* yard work

Those in need are referred by local social service agencies, welfare organizations, or non-profit charities. Estimators assess each requested project to determine whether it is within the scope of our ability. Helping Hands with Hearts schedules and completes the work at no charge to the client.

#### Programs:
Hoffman Homes is Psychiatric Residential Treatment Organization utilizing trauma-informed care to treat children with a serious mental health diagnosis.

Our entire community, both the staff and the children in care, are expected to honor the seven Sanctuary Commitments:

- A commitment to Nonviolence: being safe outside (physically) inside (emotionally), with others (socially) and to do the right thing (morally). A commitment to Social Learning: respecting and sharing the ideas of our teams.

- A commitment to Emotional Intelligence: managing our feelings so that we don't hurt ourselves or others.

- A commitment to Democracy: shared decision making

- A commitment to Open Communication: saying that we mean and not being mean when we say it.

- A commitment to Social Responsibility: together we accomplish more and everyone makes a contribution to organizational culture.

- A commitment to Growth and Change: creating hope for our children and our staff.

The vision of Hoffman Homes is to be the leading choice for providing innovative human services to the communities we serve.

The mission of Hoffman Homes is to be committed to promoting personal growth and achievement of those we serve through continous quality improvement, education, staff development and the use of evidence-based practices.

I-CAN
Interagency Children's Advocacy Network was created by families and agencies to promote, educate, and support families in Franklin County who have children with special needs. Our goal is to build inclusive communities and bring families together for lasting relationships.

Additional Information:
**Programs:**

**Self-Help Housing Program**

Interfaith Housing's Self-Help Housing Program assists future home owners in obtaining low interest USDA 502 self-help loans. These loans require no money down and no closing costs. In exchange, participants are required to put in hours, weekly, toward the construction of homes. The hours worked produce "sweat equity" making the homes worth more that the amount of the loan. Four different house plans are offered all with three bedrooms, two full baths, and approximately 1250 finished square feet.

Programs:
The mission of the Juvenile Diabetes Research Foundation International is to find a cure for diabetes and its complications through the support of research. We work to accomplish this by finding and funding the best and most relevant research to help achieve a cure for this devastating disease through

* Restoration of normal blood sugar levels
* Avoidance and reversal of complications
* Prevention of diabetes and its recurrence

The Central PA Chapter provides the following services:

Bag of Hope
The Juvenile Diabetes Research Foundation is proud to present the Bag of Hope which is aimed at providing a comprehensive collection of educational and comforting materials about living with juvenile diabetes as early after the diagnosis as possible. The effort is intended to introduce the family of the newly diagnosed child to the resources and support available. It contains tools to help parents maintain the optimum "healthy" lifestyle until a cure can be found. It includes a glucometer, videos, books, meal planners and Rufus, the Bear with diabetes. Please contact the JDRF office to receive your bag.

School Advisory Toolkit
All students with Type 1 diabetes need a strong support network at school to help them properly manage their diabetes on a daily basis. Cultivating good relationships with school staff is key. JDRF has developed a new resource to support and empower families as they communicate with school staff throughout the year. If you would like to request a copy of the School Advisory Toolkit, please email kjackson@jdrf.org or call 717.901.6489. You can also download a copy from the website.

Mentoring
The Central PA Chapter has trained mentors available for those who need to chat. To receive a mentor, simply contact the JDRF office. Interested in being a mentor? JDRF will provide training for you.

LIFE Lutheran Services is a creative program designed to enhance the ability of seniors to live safely in their own homes and communities with dignity and independence by providing access to a full continuum of preventative, primary, acute, and long-term care services. LIFE includes many elements of the traditional health care system. It is coordinated by an interdisciplinary team and provided primarily at the LIFE Center in Chambersburg and is supplemented by in-home and referral services according to participant need.

**Additional Information:**
LIFE enrolls seniors who are age 55 or older who live in a LIFE services area, need a nursing home level-of-care and want to stay in the community. The senior must be able to live safely in the community with the services from LIFE and agree to have all services coordinated and approved through the LIFE interdisciplinary team.

**Programs:**
Lutheran Counseling Services is a non-profit counseling agency that provides counseling services to individuals, couples and families. Services are provided by a licensed psychologist and counselors with doctoral or masters degrees/graduate training. The staff endeavors to integrate psychology and Christianity in the delivery of services. This is done with sensitivity and respect for each person's beliefs and needs.

**Additional Information:**
This agency is financially supported by Lutheran Churches in Franklin, Fulton, and Cumberland Counties.
Programs:

**Home Health Care Services**
As a Medicare-certified, home-health agency, we provide health care in the comfort of home, 24 hours a day, seven days a week. Whether you need skilled nursing, physical therapy, occupational therapy, speech therapy or medical social services, we will work with you, your doctor, and your family to develop an individualized care plan that is just right for your needs. Some specialties include IV therapy, chemotherapy, rehabilitation, nutritional counseling, enterostomal therapy, and home health telemonitoring. Home health care can be provided in private residence or in an assisted living center.

**Hospice**
Hospice is a team of skilled professionals, para-professionals, and volunteers dedicated to caring for the client and the family. We help to manage pain and symptoms so the client can concentrate on important issues and live the last months, weeks, and days to the fullest. We support the family, counsel them on what to expect and teach care-giving techniques. With the help of Hospice, the client will be given the opportunity to laugh and love, say goodbye, and to die in peace and with dignity.

The hospice team has a medical doctor to oversee the care that is provided, nurses to provide physical care, nursing aides to assist with personal care, and a medical social worker to provide emotional support, counseling and assistance with long-term planning. A chaplain is available regardless of church affiliation and volunteer services are also available to the client and family. In addition, Hospice offers specialty services such as pet therapy, massage therapy, and music therapy.

Hospice provides a bereavement program to provide resources and support to aid in the grief recovery process. Adult and children's grief support programs are offered throughout the year that provide a comfortable place to share experiences and learn to cope with loss.

**In-Home Support**
In-home support services range from a few hours of help to 24-hour care. Our caring staff provides assistance with dressing and bathing, meal preparation, housekeeping, laundry, transportation, companionship, lab services, grocery shopping and errands, and a variety of other services.

### Programs:
**Wish Granting**

The Make-A-Wish Foundation grants wishes to children ages 2 1/2 to 18 with life-threatening medical conditions to enrich the human experience with hope, strength, and joy. Referrals can be made by anyone as long as the family is aware and in agreement with the referral of the child. The child's doctor determines if the qualifications are met for the program. Wishes are 100% funded by donations. Local volunteers are utilized to visit children and help with fundraisers. There is always a need for volunteers!

**Additional Information:**

We urge local schools to become involved with the "Kids for Wish Kids" program in which students have fundraisers for a local wish child. Businesses can host internal fundraisers, such as casual day, bake sales, etc., throughout the year to raise the $3,400.00 needed to grant a wish to a local child.

### Programs:
The Ministry of Self Worth Program has been designed with all God's people in mind and with no discrimination of any kind. The LifeStyle Change program consists of both individual and family counseling concerning issues that are identifiable with a dysfunctional, addictive, or abusive lifestyle, of any nature. The program is aimed at improving lifestyles so that families can be restored and the incarcerated can return home and change for the benefit of all, and so our community will be the benefactor of a changed people living and working for God and His instruction based upon Holy Scripture.

### Additional Information:
The ministry is non-denominational: The LifeStyle Change program consists of counseling, free mail-order monthly Bible study letters, Sunday School text book and lesson summaries, and other pertinent studies of instruction that will enable an effective lifestyle change (generally known as recovery). The ministry is a not-for-profit entity and receives no support from any religious organization or agency. Program is directed by Rev. Ron LaVoie.

MD/PA Mobile Medical & Dental Clinic

Mission of Mercy's Maryland/Pennsylvania Mobile Medical & Dental Clinic Program has been serving the sick and needy in the region since 1994. It has grown into a charitable organization that serves nearly 5,000 patients annually at seven clinic sites in Maryland and two in South Central Pennsylvania via a mobile medical van. At Mission of Mercy, no one is denied care. All services are provided free, regardless of race, color, creed, national origin or religion. The Maryland/Pennsylvania mobile program provides free:

* Primary care
* Non-emergency care for acute illness
* Episodic and long-term treatment of chronic illnesses (such as diabetes, hypertension, asthma, arthritis, depression, etc.)
* Prenatal care
* Physical therapy
* Prescription medications
* Dental care (primarily fillings and extractions)

Through the network of community partners, patients also receive free:

* Laboratory and blood work
* Imaging services (X-rays, MRIs, etc.)
* A limited number of surgeries

Additional Information:

Mission of Mercy does not accept government funding, a policy that enables our patients to receive care without having to prove their poverty. All funding is provided by private contributions from individuals, foundations, corporations, service organizations, churches, special events, and more. Mission of Mercy is a registered charity and is a 501(c)(3) organization.

**Nurse Family Partnership**

Nurse-Family Partnership is a voluntary, evidence-based, home-visiting program for first-time mothers. The program serves low-income families in Franklin County. Clients must join the program before the end of the 28th week of pregnancy. Each expectant mother is partnered with a Registered Nurse and receives ongoing home visits through the child’s second birthday. Women are invited to self-refer, but the program welcomes local community agencies to refer clients who may be eligible for services. Clients of Nurse-Family Partnership can anticipate healthier pregnancies and babies, the development of better parenting skills and support networks, referrals to community services, and guidance with goal-setting as a result of participation in this program.

The mission of the PEAL Center is to ensure that children, youth, and adults with disabilities and special health care needs lead rich, active lives and participate as full members of their schools and communities by providing training, information, and technical assistance based on best practices to individuals, families and all people who support them.

Additional Information:
The PEAL Center provides two services to parents, youth and professionals: individual assistance and referral to parents and professionals to help identify needed resources and assistance to parents to resolve disputes with schools; and, training to ensure parents understand and can navigate the special education process and have knowledge of best practices. The PEAL Center offers training on education issues in the 43 counties covered by the parent training and information center, and training on health care issues and home and community supports statewide. Children's Services
BHRS (Wrap-Around) Services:
Behavioral Health Rehabilitation Services (BHRS), more commonly known as Wrap-Around Services, are for children who need individual therapeutic assistance. A skilled staff person works with the child for a specified number of hours per week in his/her home, school and/or community.

Behavioral Specialist Consultants, Mobile Therapists and Therapeutic Staff Supports work together to provide the following services:
* Formulation and implementation of behavioral treatment plans
* Collaboration with and transfer of skills to parents, school staff and other caregivers
* Specialized treatments targeting symptoms of various childhood mental health disorders such as Attention Deficit Hyper-Activity Disorder, Oppositional Defiant Disorder and Anxiety Disorders
* Specialized Autism treatment

Family Based Services:
Family Based Services are provided in the home and community by a two-person team. Family Based is intensive with a typical authorization period lasting as long as eight months. Also, Family Based therapists are available 24 hours a day, seven days a week to aid in crisis intervention and behavioral stabilization. Furthermore, Family Based Services focus on the entire family, not just an identified child.

Services are geared toward children and adolescents up to age 21 who are at risk for out-of-home placement due to a severe emotional and/or behavior disorder or severe mental illness. Family Based teams assist families by coordinating resources for successful solutions and management of presenting treatment issues.

Main goals of the Family Based Mental Health program:
* Reduce out-of-home placement of children
* Strengthen and maintain family unit
* Increase life skills and coping capacities of each family member
* Re-unify families previously separated due to the mental illness of their child

Additional Information:
All offices are now located in Chambersburg Franklin County with local contact information.
**Programs:**

Our Mission is "To support and promote the independence of individuals with developmental disabilities by providing advocacy services in their home environment."

A nurse makes home visits to assess the needs of the individual and family. This can include equipment and other home care needs. A referral is then made to the proper agencies and services and follow-up assistance is provided. The nurse can act as a liaison between the person and other agencies and services, as well as an advocate. Services can continue as long as needed throughout the person's lifetime.

**Additional Information:**
The Pennsylvania Farmworker Project of Philadelphia Legal Assistance is a federally funded program which provides legal services to migrant and seasonal farm workers throughout the state of Pennsylvania. The Project represents income-eligible farm workers in administrative and civil proceedings regarding violations of labor laws, the Migrant and Seasonal Agricultural Workers Protection Act, the Fair Labor Standards Act and violations of state laws, including but not limited to, the Pennsylvania Seasonal Farm Labor Act. The Project assists income-eligible farm workers with problems such as lack of protections from pesticides, unsafe living and working conditions, exploitation by farm labor contractors and employers, some public benefits issues and income tax issues. The Project works with community and governmental groups who serve migrant and seasonal farm workers to provide legal education to workers and service providers regarding farm workers’ legal rights. The Project's staff conducts extensive outreach to seasonal farm labor camps during the peak crop seasons in Pennsylvania. The staff is also available to visit workers during non-peak season, as needed.

### Programs:

**Assistance with applications for Social Security**
- Retirement
- Survivors
- Disability
- Medicare

**Assistance with Applications for Supplemental Security Income (SSI)**
These payments provide a guaranteed level of income for those who have lower income and resources. Maximum SSI payments in Pennsylvania vary according to the eligible individual's living arrangement. Aged SSI payments can be made to persons age 65 or older who meet the income/resource guidelines. SSI Disability payments for disabled persons under age 65, including children, are available. There are no work credit requirements and no waiting period for SSI as there are for Social Security disability benefits.

**Assistance with applications for Social Security Number Cards**
Evidence of age, identity, citizenship, or alien status is required. Applications to change a name require evidence of identity under old name and new name (e.g. a marriage certificate).

**Reports Affecting Benefits**
(e.g. Address Change, Direct Deposit, Earnings, Marriage, Death) are processed at the Social Security Office or via the toll-free number.

**Public Information Services**
Pamphlets, posters, research materials, videotapes, and speakers are available.

**Additional Information:**
Some automated services, via the toll-free number, are available 24/7. Check out what you can do online by visiting [www.socialsecurity.gov](http://www.socialsecurity.gov).

Programs:
The United Way serves to build a strong community by identifying the area's most pressing human service needs and then working to meet those needs by funding area programs which can help. A large volunteer network is put into action each fall to canvas area businesses, organizations, professionals, and individuals for their financial support of area programs. Funds are then distributed by a volunteer panel who assess program requests and their ability to serve the community. The United Way also serves as a community resource on social service needs and problems. Note: no direct assistance is rendered to individuals by the United Way.

Additional Information:
United Way also serves as a local Gift-In-Kind and volunteer resource for area non-profits, matching up donated surplus equipment and supplies with groups that can utilize it in their programming efforts. Also serves to provide informal consultation to area groups regarding non-profit organizations and issues.
The Meadows of Chambersburg is a Partial Hospitalization Program for adolescents and children (5-18). The program consists of an assessment, psychiatric evaluation, individual and group counseling, and tutorial educational services. Twenty-four hour / seven days per week mental health crisis back-up is provided by the Meadows of Centre Hall at 1-800-641-7529. Treatment team consists of a psychiatrist, nurse, social workers, group therapists, and certified teachers.

Wrap-Around Program
Ages 1-18; services are provided in the home, school, and community. Focus is to provide treatment in the least restrictive environment, keeping the child within his/her own community. This service provides therapeutic staff support and one-on-one interventions to assist the child or adolescent. A Clinical Coordinator supervises the therapeutic staff support, and provides clinical direction for the staff. Mobile Therapy provides individual therapy to the child or adolescent in the home, school, or community.

Partial Hospitalization Program
Ages 5-18: adolescents and children receive two hours of tutorial services per day and four hours of group therapy. Individual time may be provided on an "as needed" basis. An attending psychiatrist provides individual assessment time to each youth. Mentally, socially and medically-based illnesses common to adolescents and children can be treated.

WIC provides women and children with a nutritionally valuable food package to supplement their dietary intake during critical stages of growth and development in order to prevent health and nutrition problems. The WIC food package is not intended to be a complete diet, but to supplement other food available to the individual. The types and amount of food purchased each month are printed on a set of food vouchers. The food vouchers are then redeemed at a WIC participating retail store. Beyond offering nutrition education, the WIC program is deeply involved in addressing other areas of maternal and child health, such as educating participants about the dangers of drugs, alcohol and tobacco use, the importance of childhood immunizations and the benefits of breastfeeding.

**Additional Information:**  
WIC Clinics are located in Chambersburg, Waynesboro, Greencastle, Shippensburg, Mercersburg, and Fannettsburg.
